MISSION STATEMENT

Alfalah GHP Income Multiplier Fund aims to provide its unit holders with sustainable, consistent and inflation protected returns over a period of time through investment in income and money market instruments and securities.

VISION STATEMENT

Alfalah GHP Income Multiplier Fund aims to establish itself as the investment vehicle of choice for investors who seek to achieve sustainable, consistent and inflation protected returns over the long term through investment exposure to income and money market instruments and securities.

DIRECTORS' REPORT For the three month period ended 30 September, 2013

To our valued Unit Holders,

On behalf of the Board of Directors, I am pleased to present the Financial Statements of Alfalah GHP Income Multiplier Fund (AGIMF), for quarter ended 30 September, 2013. The Financial Statements of the Schemes prepared by the Management Company present true and fair view of the state of affairs of the Schemes and results of their operations, cash flows and movement in unit holders' funds.

Economic Review

Inflation which had receded to its lowest level since rebasing of CPI in May saw strong resurgence in July-13, clocking in at 8.26%. Inflation picked up primarily on account of low base effect of last year, increased food prices because of Ramadan and newer taxes from FY14 budget. The trend continued in the month of Aug-13 with inflation picking up at 8.54% which also pushed SBP to increase its reverse repo rate from 9% to 9.5%. Although, CPI eased again in the month of Sep-13, it is likely to move up amid recent increase in domestic power tariffs and higher petroleum product prices. Furthermore, slippages in local currency shall also keep inflationary pressures intact for now.

The current account meanwhile, registered a deficit of USD 575mn in Aug-13, taking 2MFY14 deficit to USD 632mn, on the back of USD 1.6bn trade deficit in Aug-13 (highest since Oct-08). Meanwhile, remittances declined by 12% M/M and 2% Y/Y during the same period. Increase in C/A deficit on lower remittances highlights the growing dependence on remittances to plug in the trade deficit.

The new IMF program has kept the focus on resolving energy crisis along with achieving fiscal consolidation. Growth shall be the biggest casualty in near term as private sector remains reluctant to make new investments amid energy shortages. Meanwhile, in order to curtail fiscal deficit, government spending may also remain weak keeping economy in low growth ambit.

Money Market Review

The impact of reversal of monetary stance was observed in the money market yields where the yields on longer end were adjusted upwards. The yield on 10Yr PIB touched 13% mark; gaining approx 2% over the quarter but key interest remained in the shorter end. The treasuries' auction bidding pattern also remained skewed towards shorter maturities indicating the reversal in interest rate trend as beginning of the monetary tightening. The rising inflationary pressure coupled with higher government budgetary borrowing and weakening PKR-USD parity played a key role in re-shaping of yield curve. The result of PIB auction towards the end of the quarter also indicated possible further tightening during the year as the SBP increased the cutoff rates on 3 year, 5 year and 10 year bonds. The new cutoff stood at 11.69%, 12.15%, and 12.59% for 3, 5, and 10 years bonds respectively.

Going forward, the shorter end of the yield curve will continue to stay the preferred investment segment. Inflation will most likely continue its upwards trajectory over the rest of the year, creating space for further 50-100bps hike in policy rate during FY14.

During the quarter, Alfalah GHP Income Multiplier Fund generated a return of 7.47% while its benchmark earned a return of 9.55% during the same period.

The quarter witnessed increased volatility in corporate instruments which initially led to losses being realized as a result of provisioning, along with downward revision of revaluation prices as the SBP increased the discount rate during the quarter. As clarity emerged regarding the outcome of the MPS, government securities rate stabilized towards the end of the period. Also there were some major principal and interest write backs towards the end of the quarter which supported the overall profitability.

Going forward, the Fund plans to move into shorter tenure instruments as well as high yielding good quality TFCs while availing trading opportunities to boost yields.

Future Outlook

The optimism linked to the elections held in May powered the KSE-100 to record highs. However, post elections, the market has become range bound with thin volumes. The macro outlook remains cautious, with rapid monetary expansion in 1QFY14 bound to fuel inflation going forward, which will result in an expected 100-150 bps rise in the benchmark discount rate during the current fiscal year.

On the plus side, corporate earnings, especially in the Oil, Cements, Textiles, and IPP sectors are expected to show good growth. Even though the broader market may not perform as vigorously as in the previous year, nevertheless, we expect the market to provide good opportunities in selected scrips.

Acknowledgement

The Directors express their gratitude to the Securities and Exchange Commission of Pakistan for its valuable support, assistance, and guidance. The Board also thanks the employees of the Management Company and the Trustee for their dedication and hard work and the unit holders for their confidence in the Management.

For and on behalf of the Board

The "Title" to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

These condensed interim financial statements comprise of the condensed interim statement of assets and liabilities as at 30 September 2013 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim distribution statement, condensed interim statement of movement in unit holders' funds, condensed interim statement of cash flows and notes thereto, for the period ended 30 September 2013.

2. BASIS OF PRESENTATION

2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the requirement of approved accounting standards as applicable in Pakistan, the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or directives issued by SECP differ with the requirements of IFRSs, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by SECP shall prevail.

The disclosures made in these condensed interim financial statements have, however, been limited based on the requirements of the International Accounting Standard 34, 'Interim Financial Reporting' and should be read in conjunction with the financial statements of the Fund for the year end June 30, 2013. These condensed interim financial statements are unaudited.

The Directors of the Asset Management Company declare that these condensed interim financial statements give a true and fair view of the Fund.

2.2 Basis of measurement

These condensed interim financial information have been prepared under the historical cost convention, except that investments held at 'fair value through profit or loss' category are measured at fair value.

2.3 Functional and presentation currency

These condensed interim financial information are presented in Pak Rupees which is the functional and presentation currency of the Fund and have been rounded off to the nearest thousand of Rupees.

2.4 Use of estimates and judgment

The preparation of condensed interim financial information requires the Management Company to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. The significant judgments made by the Management in applying accounting policies and the key sources of estimating uncertainty are the same as those that applied to financial statements as at and for the year ended 30 June 2013.

3. ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these condensed interim financial statements are same as those applied in the preparation of the financial statements of the Fund for the year ended 30 June 2013.

3.1 Earnings per unit

Earnings per unit (EPU) for the period ended September 30, 2013 has not been disclosed in these condensed interim financial statements as in the opinion of the management determination of weighted average units for calculating EPU is not practicable.

4. FINANCIAL RISK MANAGEMENT

The Fund's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended 30 June 2013.

TIBL defaulted on its payment of principal and markup due on 04 July 2012. Consequently, the security was classified as non-performing by MUFAP on 18 October 2012. Accordingly, accrual of markup on the same has been suspended and markup due amounting Rs. 1.437 million has been reversed and provision has been made amounting Rs. 14.994 million (including Rs. 3.499 million provided in current period) in accordance with the requirements of SECP circulars and directives issued from time to time and the Board's approved provisioning policy.

6.4.2 These term finance certificates carry fixed mark-up rate of 6.00% per annum, receivable monthly in arrears. These term finance certificates are secured against first charge on specific leased assets with related rentals receivables with 25% margin. SLCL had rescheduled its repayments through second supplemental Trust deed executed on May 18 2011. As per the supplemental deed, SLCL obtained the waiver from the obligation to pay the mark-up on the outstanding amount while the principal is to be repaid in 36 equal installments starting from April 29, 2011 to March 29, 2014. In February 2011, SLCL rescheduled its monthly repayment from Rs. 78,125/- to Rs. 16,927/- without any alteration in the supplemental trust Deed. Subsequently the security was classified as 'non-performing' by MUFAP on 03 April 2012. Accordingly, provision has been made amounting Rs. 0.760 million in the current period in accordance with the requirements of SECP circulars and directives issued from time to time and the Board's approved provisioning policy. On 15 March 2013 the security was re-classified as Performing by MUFAP accordingly provision amounting Rs. 0.1143 million was reversed (including Rs. 0.0194 million reversed in current period).

6.4.3 These term finance certificates carry fixed mark-up rate equal to 6 months Karachi Interbank Offered Rate "ask side" plus 1.75% per annum, receivable semi-annually in arrears. These term finance certificates are secured against first pari passu charge over all present and future fixed assets with a 25% margin. Agritech Limited (formerly Pak American Fertilizer Limited) defaulted on its payment of principal and markup due on 29 May 2010. In prior year, a restructuring agreement was signed between Agritech Limited and the Investment Agent of the term finance certificates, whereby, certain terms included in the original trust deed dated November 15, 2007 were amended, including the repayment period which was extended from 29 November 2014 to 29 November 2017. Consequently, the security was classified as non-performing by MUFAP on 14 June 2010 and accrual on the same was suspended. Accordingly, the security has been fully provided (Rs. nil in current period) in accordance with the requirements of SECP circulars and directives issued from time to time and the Board's approved provisioning policy.

6.4.4 This represents additional certificates of Agritech Limited received by the Fund through restructuring agreement reached between lenders and Agritech Limited. Under such agreement outstanding mark up due on May 29, 2011 and July 13, 2011 against 1st and 2nd Issue respectively amounting to Rs. 20.47 million was settled in the form of certificates valuing Rs. 20.47 million. These investments had been recorded as 100% impaired (Rs. nil in current period) since these have been received in lieu of suspended overdue mark up to be recognised to income upon realisation.

The above is without prejudice to the Fund's claim against the above Company for the entire exposure and unrecognized markup and other charges etc. The Management is continuously monitoring the Fund exposure to this investment and is making necessary effort for the recovery of amount.

6.5.1 This represents investment in sukuk certificates of Maple Leaf Cement Factory Limited (MLCF), secured against first pari passu charge over all present and future fixed assets with a 25% margin. Maple Leaf Cement Factory (MLCF) defaulted on the installment due on 13 September 2011 as per the restructured agreement. Consequently, the security was classified as non-performing by MUFAP on 19 September 2011 and accrual amounting to Rs. 9.235 million on the same was reversed. Accordingly, provision had been made amounting Rs. 40.40 million in accordance with the requirements of SECP circulars and directives issued from time to time and the Board's approved provisioning policy. During the period principal amounting Rs. 1.875 million was received accordingly provision amounting Rs. 1.125 million was reversed.

6.5.2 "This represents investment in sukuk certificates of Kohat Cement Company Limited (KCCL), secured against first pari passu hypothecation charge over all present and future fixed assets of the company equivalent to the facility amount with a 25% margin and mortgage over all present and future immovable properties of KCCL with a 25% margin over the facility amount. During the year the sukuk issued by Kohat Cement Company Limited has been regular on its payments as per the restructuring agreement which resulted in reversal in provision by Rs. 1.183 Million. Accordingly the maturity date of the sukuk has been reduced to June 2016 from September 2016 .

7. SALES TAX ON MANAGEMENT FEE

During the current period, an amount of Rs. 0.195 million (30 September 2012: Rs. 0.128) was charged on account of sales tax on management fee levied through Sindh Sales Tax on Services Act, 2011.

8. FED ON MANAGEMENT FEE

During the current period, an amount of Rs. 0.168 million (30 September 2012: Rs. NIL) was charged on account of sales tax on management fee levied through Sindh Sales Tax on Services Act, 2011.

9. CONTINGENCIES AND COMMITMENTS

There are no contingencies and commitments as at 30 September 2013.

10. WORKER WELFARE FUND

The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs.0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In August 2011, the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts 2006 and 2008 have been declared unconstitutional and therefore struck down. However, during March 2013, the SHC larger bench issued a judgment in response to various petitions in similar cases whereby the amendments introduced in the Workers' Welfare Fund Ordinance, 1971 through Finance Acts 2006 and 2008 respectively (Money Bills) have been declared constitutional and overruled a single-member Lahore High Court (LHC) bench judgment issued in August 2011.

MUFAP's legal counsel is of the view that the stay granted to mutual funds in respect of recovery of WWF remains intact and the constitutional petition filed by the Mutual Funds to challenge the Workers Welfare Fund contribution has not been affected by the Judgment passed by the larger bench of SHC.

In view of above stated facts and considering the uncertainty on the applicability of WWF to mutual funds due to show cause notices issued to a number of mutual funds, the management company as a matter of abundant caution has decided to continue to maintain the provision for WWF amounting to Rs. 4.054 million up to 30 September 2013.

11. TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realized or unrealized is distributed amongst the unit holders. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than unrealized capital gains / loss to the unit holders. The Management Company intends to distribute sufficient accounting income of the Fund for the year ending 30 June 2014 in order to comply with the above stated clause to enjoy the tax exemption. Accordingly, no tax provision has been made in these condensed interim financial statements for the three months period ended 30 September 2013.

13. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the balance sheet date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value.

The following table shows financial instruments recognised at fair value, analysed between those whose fair value is based on:

- Level 1: quoted prices in active markets for identical assets or liabilities
- Level 2: Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3: Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)

	30 September 2013			
	Level 1	Level 2	Level 3	Total

	<u>-</u>	<u>281,242</u>	<u>27,233</u>	<u>314,475</u>

Presented below are the transfers between different levels of the fair value hierarchy.

Transfers from Level 3 to Level 2	-
Transfers from Level 2 to Level 3	-

There have been no transfers to and from Level 1 during the period.

In accordance with Circular No. 1 of 2009 issued by SECP, all traded debt securities are valued on the basis of their volume weighted average price during the last 15 days while thinly traded and non-traded debt securities are valued using a valuation methodology devised by MUFAP which includes variables including yields on government securities, Karachi Inter Bank Offer Rates and credit ratings. As the valuation techniques use inputs from observable market data, these securities are classified as Level 2. Rates for non-performing securities, however, are not quoted by MUFAP and are valued using the provisioning criteria prescribed by the abovementioned circular and are hence classified as Level 3.

Hence, default on installment amounts by investee companies results in transfer into Level 3 while subsequent classification of a defaulting security as performing will result in Level 3 to Level 2.
